Special Features of our Chit Funds:

1. Every subscriber has to simply submit a filled in application. We don't collect any entrance fee, document charges, etc.
2. There is no need to pay the first instalment while submitting the filled in application. The amount should be paid only after receiving the notice from the company.
3. As soon as the required subscribers are joined, the chit group will become functioning. A notice containing the commencing date, instalment amount, auction time, etc., will be sent to every subscriber at least seven days before the commencement of the group.
4. The instalment amount can be paid either in cash, cheque or draft. The subscribers can also make use of internet-transfer.
5. A non prized subscriber can get 70% of the value of the chit amount as loan in case of necessity. The loan amount will be adjusted while getting the prized amount.
6. The dividend is distributed every month equally among all the subscribers. No distinction is made between prized subscribers and non-prized subscribers.

7. The company charges only 5% commission on the chit amount. However, the commission for the last month chit is only 2.5%. As such the subscriber who takes the last chit is getting the maximum amount.

8. The prized subscribers can also avail themselves of the reinvestment plan. If the amount is reinvested the subscribers can fulfill their long pending dreams.

9. The subscribers may have the opportunity of getting a dividend ranging from 12% to 18% depending upon the group. In this regard there is no guarantee at all.

10. The subscribers who pay the amount on or before the due date will be provided with special compliments.

11. The auction will be conducted only from the second month of the commencement of the group.

12. Our chit groups are more suitable for salaried class, retired persons, house wives, small entrepreneurs and so on.
